CERTIFICATE OF COVERAGE

Your credit union is pleased to make available Buyer Protection and Extended Warranty coverage provided by CUMIS General Insurance Company for your covered account. Buyer Protection and Extended Warranty are in effect for any purchases that you make worldwide which have been paid for in part or in full using your covered account.

Please retain this Certificate of Coverage in a secure place because it describes the coverage provided by this Program and the procedures you will be required to follow to obtain its full benefits.

1. BUYER PROTECTION - The Buyer Protection feature covers most retail items of personal property purchased worldwide (including gifts) against direct physical loss resulting from theft, damage or destruction when purchased using a covered account provided such theft, damage or destruction occurs within 120 days from date of purchase.

a. Limits – Coverage applies to the first 120 calendar days after purchase of the product anywhere in the world up to a maximum claim amount of \$60,000 per covered account, per lifetime. This Buyer Protection coverage pays in excess of all other applicable insurance, warranties or indemnity policies, subject to the limits of liability.

If the total price of the purchase was not paid for in full using the covered account, any loss shall be settled in the proportion that the account payment bears to the total purchase price.

2. EXTENDED WARRANTY – Extended Warranty doubles the repair period on a manufacturer's authorized Canadian warranty up to two extra years for purchases made worldwide. It covers products with a manufacturer's authorized Canadian warranty of five years or less. For example, if you purchase a product using your covered account which has a 90-day warranty repair period, it would be extended to 180 days. If you purchase a product which has a five-year warranty repair period, an additional two-year warranty coverage (for a total of seven years) will be provided to you. There is no coverage if the warranty period exceeds five years.

If a product failure occurs under the terms of the manufacturer's warranty during the Extended Warranty period, the Program will repair or replace the defective product in accordance with the manufacturer's warranty. All replacements will be made with products of equal value.

a. Limits - Each warranted purchase is protected up to a maximum claim limit of \$60,000, but no account is entitled to receive lifetime aggregate claim payments in excess of \$60,000. The Program pays in excess of all other applicable insurance, warranties or indemnity policies, subject to the limits of liability.

b. Buyer Protection Claims Procedures

- No payment will be made on any claim which has not been completely substantiated in the manner required by CUMIS within twelve (12) months from the date of loss.
- Upon request from CUMIS, you may be required to send, at your expense, any damaged item for which you are making a claim, to an address designated by CUMIS. Valid claims will be satisfied by either paying for the cost to repair, the original purchase price or the cost to replace, whichever is the most cost effective.
- Where a covered loss consists of articles in a pair or set, CUMIS will reimburse the total price paid for the pair or set provided that the purchase is unusable individually and cannot be replaced individually.

c. Extended Warranty Claims Procedures

- CUMIS will assist you in locating a repair facility. Usually this will entail utilizing the Manufacturer's Authorized Service Centre as indicated in the warranty. Request that the Service Centre (or their service technician) verify the cause of the breakdown and the cost of repairs or replacement, whichever is more cost effective.
- If there is no repair facility in your area for the purchase, CUMIS will provide you with additional instructions regarding the repair or replacement of the purchase.
- Prior to proceeding with any repairs, you must notify and obtain approval of the repairs and repair facility from CUMIS. Failure to notify CUMIS prior to having repairs done may result in a denial of your claim.
- Diagnostic and disassembly costs will be the responsibility of the Account Holder if the failure of the purchase is not covered under the terms of the original manufacturer's warranty.
