

## Take care with Take Flight™

Be sure you are covered with Take Flight™ from CUMIS, the ideal travel insurance choice for Canadian seniors heading south – or anywhere else in the world – this Snowbird season.

### Why is travel insurance essential?

- Medical care outside of Canada is expensive – as much as \$8,500 a day in the US. Most provincial healthcare plans can reimburse as little as \$100 CAD a day for medical treatment outside of Canada.
- Many travel insurance companies do not always offer insurance for seniors. The Take Flight™ plan provides affordable, comprehensive benefits geared to Canadians aged 60 or older.
- Take Flight™ provides worry-free access to the kind of care you are used to at home while on extended stays in the US, Caribbean and other Snowbird destinations.

### Benefits and features include:

- Up to \$5 million in emergency hospital and medical care coverage
- Private hospital accommodation; most plans offer only semi-private accommodation
- Emergency round trip – free flight home and back to an at-home emergency
- Trip Break – return home for up to 15 days without interruption to the policy
- Coverage options for pre-existing conditions
- Extended and multi-trip travel options
- 5% travel companion discount
